## CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the main board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

*Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.*

## MANAGEMENT DISCUSSION AND ANALYSIS

### BUSINESS REVIEW

We are principally engaged in providing integrated printing services for corporate clients, mainly for the financial and capital markets in Hong Kong. Our Group offers a wide range of integrated printing services to meet our clients' needs. These services can be broadly categorised into the provision of financial printing services, provision of marketing collateral printing services, and provision of other services.

We completed the acquisition of 51% of the issued share capital of into23 Limited, which provides global translation services, on 2 May 2023. During the six months ended 30 June 2023 (the “**Period Under Review**”), into23 Limited contributed revenue of HK\$0.9 million.

Our revenue decreased to HK\$98.4 million during the Period Under Review. This represents a decrease of approximately 2.3% as compared to the same period last year. Also, the number of sales activities also decreased as compared with the same period last year. Such a decrease was mainly attributable to the change in business models of one of our major clients. However, we continue to maintain a solid portfolio of recurring clients. This demonstrates their recognition of our quality service and our maintenance of a positive relationship with our clients. We consider this recognition as a key factor leading to success in the industry.

### OUTLOOK

In the future, we will keep a close eye on market development, periodically review our group's policies, and evaluate market risk. Despite the economic uncertainty, we are optimistic about the viability of our primary business. To maintain a competitive edge in the market, we will continue to leverage our strong and healthy financial position, our solid portfolio of recurring clients, and the extensive network of our management to expand our current business and explore other related business opportunities to continue growing our business.

The Group's revenue decreased by approximately HK\$2.3 million, or 2.3%, from approximately HK\$100.7 million for the six months ended 30 June 2022 to approximately HK\$98.4 million for the Period Under Review. Such decrease mainly is due to the decrease in revenue of both marketing collateral projects by approximately HK\$3.7 million and financial printing projects by approximately HK\$2.6 million, respectively, partially offset by the increase in revenue of other projects by approximately HK\$4.0 million.

### Gross Profit and Gross Profit Margin

The Group's gross profit decreased by approximately HK\$3.7 million, or 9.0%, from approximately HK\$41.1 million for the six months ended 30 June 2022 to approximately HK\$37.4 million for the Period Under Review, which was due to the decrease in revenue and increase in staff costs. Our gross profit margins for the six months ended 30 June 2022 and 2023 were approximately 40.8% and 38.0%, respectively.

### Other Income and Gains

Other income and gains for the Group decreased by approximately HK\$0.9 million, which was mainly due to the Hong Kong Government's subsidy received under the Employment Support Scheme in same period last year, which is partially offset by gross receipt of MPF funds (which represents the offsetting of long service payment) and the motor vehicle sale gain in the current period.

## **Selling Expenses**

The Group's selling expenses decreased by approximately HK\$1.0 million, or 15.0%, from approximately HK\$7.1 million for the six months ended 30 June 2022 to approximately HK\$6.1 million for the Period Under Review.

## **Finance Costs**

Finance costs increased by approximately HK\$0.1 million from approximately HK\$0.3 million for the six months ended 30 June 2022 to approximately HK\$0.4 million for the Period Under Review. Such increase was mainly due to the increase in interest on lease liabilities.

## **Taxation**

Income tax expense decreased by approximately HK\$0.2 million from approximately HK\$0.6 million for the six months ended 30 June 2022 to approximately HK\$0.4 million for the Period Under Review. Such decrease was mainly attributable to the decrease in profit before tax.
