## **BACKGROUND**

References are made to the Announcement and Circular in relation to the Existing 2016 Raw Materials Purchase Master Agreement and the Existing 2016 Products Sales Master Agreement between Hengxin (Jiangsu), a wholly-owned subsidiary of the Company, and Suzhou Hengli, both for a term of three years up to 31 December 2019.

### **Term**

The 2019 Raw Materials Purchase Master Agreement is for a term of three years commencing from 1 January 2020 to 31 December 2022 and such term may be renewed by mutual agreement, subject to the requirements under the Listing Rules at that time.

The 2019 Raw Materials Purchase Master Agreement is subject to fulfilment of the following conditions:

- (a) publication of this announcement and the circular as required under the Listing Rules;
- (b) having obtained the approvals from the board of directors of Hengxin (Jiangsu), Suzhou Hengli and the Company in respect of the entering into of the 2019 Raw Materials Purchase Master Agreement and the transactions contemplated thereunder; and
- (c) having obtained the approval from the Independent Shareholders in respect of the entering into of the 2019 Raw Materials Purchase Master Agreement and the transactions contemplated thereunder in accordance with the Listing Rules.

## Purchase price

As a pre-condition with respect to the quality meeting the requirements of the Group, the purchase price shall be determined in accordance with the following basis:

- (a) Suzhou Hengli submits its tender price through the tender process conducted by Hengxin (Jiangsu); and
- (b) if there is no tender process, the purchase price shall be a fair price to be negotiated and agreed between the parties having regard to the fair market price for the same or similar type of the raw materials provided by Independent Third Parties in Jiangsu Province or the regions nearby.

The 2019 Raw Materials Purchase Master Agreement sets out the details to be included in any separate individual purchase agreement to be entered into between the parties thereto.

## Historical transaction amounts and annual caps

The existing annual caps for the transactions under the Existing 2016 Raw Materials Purchase Master Agreement and the historical transaction amounts thereunder are set out below:

	<b>Year ended 31 December 2017</b>	<b>Year ended 31 December 2018</b>	<b>Year ending 31 December 2019</b>
Annual cap	RMB50,000,000	RMB50,000,000	RMB50,000,000
	<b>Year ended 31 December 2017 (audited)</b>	<b>Year ended 31 December 2018 (audited)</b>	<b>Eight months ending 31 August 2019 (unaudited)</b>
Historical transaction amount	RMB43,984,561	RMB23,419,912	RMB19,690,652

For each of the three years ending 31 December 2020, 2021 and 2022, the proposed annual cap for the transactions under the 2019 Raw Materials Purchase Master Agreement is RMB50,000,000 (equivalent to approximately HK\$55,500,000). The proposed annual caps for the 2019 Raw Materials Purchase Master Agreement for the three years ending 31 December 2022 are determined with reference to the current and future technological development in the telecommunications industry of PRC, the historical transaction amounts, the prevailing market price, the expected increase in the purchase price due to inflation, the expected production and sales of the Group, and the production capacity of the Group using raw materials supplied by Suzhou Hengli.

## **Pricing policy (tender process and procedures for determining the fair price)**

Over the years since the Group has been purchasing the raw materials from Suzhou Hengli in December 2008, the Group has been adopting the tender process for the selection of suppliers in respect of the purchase of raw materials. Details of the tender process are set out below:

- (i) Every year tender documents are issued to at least 3 qualified suppliers for supply of the raw materials. These suppliers are selected by the purchasing department of Hengxin (Jiangsu) from the list of qualified suppliers. In order to admit a supplier into the list of qualified suppliers, the staff from the purchasing department will conduct site visit, review documents regarding the supplier's background, production capacity and equipment assessment, sample testing of raw materials, and finally conduct QC checks on the raw materials and finished products by using these raw materials. Only when the supplier has passed all these assessments and been approved by the purchasing department will it be admitted into the list of qualified suppliers.
- (ii) The tender panel (the "**Panel**"), comprising the heads of the respective departments of production, purchasing, finance, operation planning, technical and quality as well as the General Manager, will evaluate the tenders submitted and determine the successful tender. The Panel will consider various factors, such as tender price and product quality, and for recurring suppliers, timely delivery or other logistics or service-related factors, etc. during the evaluation. Generally, if the tenderers obtain similar score in overall assessment, the tenderer offering the most favourable price wins the tender.
- (iii) As a measure of internal control, the reference price for each type of raw materials purchased from Suzhou Hengli will be obtained from Dalian Commodity Exchange (if available) on a quarterly basis. If the reference price quoted at Dalian Commodity Exchange is below the tender price of more than 10%, the Company has a unilateral right to call for a new tender.

As disclosed above, pursuant to the 2019 Raw Materials Purchase Master Agreement, if there is no tender process, the purchase price for the raw materials shall be the fair price to be negotiated and agreed between the parties. In such circumstance, the Group will adopt the following procedures to determine the fair price for the raw materials.

- (i) The purchasing department of Hengxin (Jiangsu) will obtain quotations from Suzhou Hengli and at least 3 independent qualified suppliers who supply the raw materials.
- (ii) The purchasing department will compare the quotations and provided that the raw materials which have previously sold to Hengxin (Jiangsu) by those independent qualified suppliers and Suzhou Hengli are of similar quality and have passed the Group's internal QC check, the purchasing department will purchase the raw materials from the supplier who has given the lowest quotation.

By implementing the above policy and procedures, the Directors (including the independent non-executive Directors) consider that the Company has sufficient internal control to ensure that the pricing basis for the raw materials supplied by Suzhou Hengli to Hengxin (Jiangsu) under the 2019 Raw Materials Purchase Master Agreement will be in accordance with the terms under the agreement, on normal commercial terms and not prejudicial to the interests of the Company and the Shareholders as a whole.

## **2019 PRODUCTS SALES MASTER AGREEMENT**

### **Date**

10 October 2019

### **Parties**

Supplier: Hengxin (Jiangsu)

Purchaser: Suzhou Hengli

### **Subject matter**

Pursuant to the 2019 Products Sales Master Agreement, Hengxin (Jiangsu) will provide the Group's products, such as radio frequency coaxial cable series for mobile communications, telecommunications equipment and accessories, high temperature resistant cables and antennas to Suzhou Hengli, on terms no more favourable than those offered to any Independent Third Parties.

It is also agreed under the 2019 Products Sales Master Agreement that Suzhou Hengli will give priority to Hengxin (Jiangsu) for purchase of the products over other third parties under the same sales conditions.

### **Term**

The 2019 Products Sales Master Agreement is for a term of three years commencing from 1 January 2020 to 31 December 2022 and such term may be renewed by mutual agreement, subject to the requirements under the Listing Rules at that time.

### **Conditions precedent**

The 2019 Products Sales Master Agreement is subject to fulfilment of the following conditions:

(a) publication of this announcement and the circular as required under the Listing Rules;

- (b) having obtained the approvals from the board of directors of Hengxin (Jiangsu), Suzhou Hengli and the Company in respect of the entering into of the 2019 Products Sales Master Agreement and the transactions contemplated thereunder; and
- (c) having obtained the approval from the Independent Shareholders in respect of the entering into of the 2019 Products Sales Master Agreement and the transactions contemplated thereunder in accordance with the Listing Rules.

### **Selling price**

Pursuant to the 2019 Products Sales Master Agreement, the selling price shall be a fair price to be negotiated and agreed between the parties having regard to the profit margin expected to be generated to Hengxin (Jiangsu) from the transaction.

The 2019 Products Sales Master Agreement sets out that the details to be included in any separate individual sale agreement to be entered into between the parties thereto.

### **Historical transaction amounts and annual caps**

The existing annual caps for the transactions under the Existing 2016 Products Sales Master Agreement and the historical transaction amounts thereunder are set out below:

	<b>Year ended 31 December 2017</b>	<b>Year ended 31 December 2018</b>	<b>Year ending 31 December 2019</b>
Annual cap	RMB10,000,000	RMB10,000,000	RMB10,000,000
	<b>Year ended 31 December 2017 (audited)</b>	<b>Year ended 31 December 2018 (audited)</b>	<b>Eight months ending 31 August 2019 (unaudited)</b>
Historical transaction amount	RMB6,767,492	RMB5,998,494	RMB6,189,316

For each of the three years ending 31 December 2020, 2021 and 2022, the proposed annual cap for the transactions under the 2019 Products Sales Master Agreement is RMB10,000,000 (equivalent to approximately HK\$11,100,000). The proposed annual caps for the 2019 Products Sales Master Agreement for the three years ending 31 December 2022 are determined with reference to the current and future technological development in the telecommunications industry of PRC, the historical transaction amounts, the prevailing market price, the expected increase in the selling price due to inflation, the production capacity of the Group, and the production capacity of Suzhou Hengli using the products supplied by Hengxin (Jiangsu).

## **Pricing policy**

The Group has adopted the following policy to ensure the pricing basis under the 2019 Products Sales Master Agreement is on normal commercial terms.

When Suzhou Hengli obtains a quotation from Hengxin (Jiangsu) for purchase of a particular type of the products from Hengxin (Jiangsu), the sales department of Hengxin (Jiangsu) will give a quotation such that acceptance of Suzhou Hengli's order will generate a positive gross profit margin to the Group. If Hengxin (Jiangsu) receives orders from both Suzhou Hengli and other third party customers for the same product at the same time, the order from Suzhou Hengli will be accepted only when Suzhou Hengli's order can generate a higher gross profit margin to the Group or when Hengxin (Jiangsu) is capable of accepting the orders from both Suzhou Hengli and other third party customers based on the Group's then production capacity. In addition, it is a general policy of the Group that approval from the General Manager is required in the event where an order (whether from Suzhou Hengli or other Independent Third Parties) can only generate a gross profit margin of less than 10% to the Group.

By implementing the above policy, the Directors (including the independent non-executive Directors) consider that the Company has sufficient internal control to ensure that the pricing basis for the products supplied by Hengxin (Jiangsu) to Suzhou Hengli under the 2019 Products Sales Master Agreement will be in accordance with the terms under the agreement, on normal commercial terms and not prejudicial to the interests of the Company and the Shareholders as a whole.

## **REASONS FOR ENTERING INTO THE CCT AGREEMENTS**

Hengxin (Jiangsu) has been purchasing raw materials from Suzhou Hengli and selling the Group's products to Suzhou Hengli since December 2008 under the relevant purchase master agreements or sales master agreements. The purposes of entering into the CCT Agreements are to renew the term of each of the Existing 2016 Raw Materials Purchase Master Agreement and the Existing 2016 Products Sales Master Agreement for another three years up to 31 December 2022 and to renew the annual caps for the transactions contemplated thereunder, in order to ensure the continuation of the on-going purchase and sales transactions between Hengxin (Jiangsu) and Suzhou Hengli under the Existing 2016 Raw Materials Purchase Master Agreement and the Existing 2016 Products Sales Master Agreement.

Suzhou Hengli belongs to part of the group of companies under Hengtong Optic-Electric which is in the business of telecommunications. As part of the Group's continuous plans to expand its revenue stream and sources of supplies, the Group intends to continue to work closely with Suzhou Hengli in respect of its sourcing of raw materials and the sale of its products. The Board believes that it is for the benefit of the Group to continue sourcing raw materials from Suzhou Hengli and selling its products to Suzhou Hengli.

Under the respective CCT Agreements, the Group is not committed to purchasing any raw materials from Suzhou Hengli or selling any products to Suzhou Hengli but if any transaction is entered into between the parties, all such transactions will be on normal commercial terms and on terms no less favourable than those offered by any Independent Third Parties (in respect of the purchase of the raw materials from Suzhou Hengli) or on terms no more favourable than those offered to any Independent Third Parties (in respect of the sales of the products to Suzhou Hengli). The renewal of the CCT Agreements will therefore give the Group flexibility to purchase the raw materials it requires from Suzhou Hengli or sell its products to Suzhou Hengli if it so wishes at competitive market prices. In addition, taking into consideration of (i) the continued improvement in the quality of the raw materials provided by Suzhou Hengli; (ii) the expected continued purchase of the raw materials from Suzhou Hengli; (iii) the expected continued purchase of the Group's products by Suzhou Hengli in light of the production capacity of Suzhou Hengli using the products supplied by Hengxin (Jiangsu); (iv) the trend of the historical transaction amounts under the respective CCT Agreements over the previous years; and (v) the current and future technological development in the telecommunications industry of PRC, the Board proposes to renew the annual caps for the transactions under the CCT Agreements for the three years ending 31 December 2022.

## **VIEW OF THE DIRECTORS ON THE CCT AGREEMENTS**

The Directors (excluding the independent non-executive Directors who will form their views after considering the advice from Gram Capital) consider that each of the CCT Agreements is entered into in the ordinary and usual course of business of the Group and conducted on an arm's length basis and on normal commercial terms. Accordingly, the Directors (excluding Mr. Cui Wei and the independent non-executive Directors) consider that the terms of each of the CCT Agreements (including the proposed annual caps) are fair and reasonable and the entering into of each of the CCT Agreements is in the interests of the Company and the Shareholders as a whole.

## **INFORMATION OF THE GROUP AND SUZHOU HENGLI**
